# PENTAX Medical Portable Intubation Scopes

## A Full Range of Easy-to-Use Portable Intubation Endoscopes

For quick and reliable intubation and complete airway management, choose a PENTAX Medical compact, battery-powered, portable intubation endoscope. This modern system concept is ideal for use in the OR, ICU, or emergency room.

### PENTAX MEDICAL QUALITY & SERVICE PROGRAMS

- The PENTAX Medical brand continues to be recognized for delivering cost-effective products of exceptional quality and durability.
- Industry-leading service plans, financing, technical service, and training.

### PORTABILITY AND EASE-OF-USE

- Up to 160° tip deflection, a tight bending radius, and wide angle of view, simplifying orientation and the placement/positioning of endotracheal tubes.
- Ergonomically designed, lightweight control body, enhancing user performance.
- Battery-powered light source for true portability.
- PENTAX Medical CSV (Closed Suction Valve), a unique mechanism for improved suction.

- The perfect choice for OR, ICU, or emergency room situations.

### SUPERB IMAGE QUALITY

- PENTAX Medical fiber technology delivers bright, clear, and high-resolution images.
- Upgradeable to video image through connection to an ocular-mounted camera system.
